## GRADING

### SCALE

A: 100-93  
B: 92-85  
C: 84-75  
D: 74-70  
F: 69-0

*Calculators will NOT be provided.*

Students must bring a calculator to class every day. Students will not pass calculators back and forth during class, a test or quiz (This will result in an automatic zero for both students). Graphing calculators are not required.

## TN Ready STATE EXAM

Geometry students are required to take a state mandated exam this year.

Part One will be in Feb/March and Part Two will be given in April/May.

## Syllabus, notes and book assignments are posted at:

Assignments for a particular section are always due the day after the section has been covered in class (the day after it appears on the syllabus). The Reference Page(s) *must* be kept at all times. The Reference Page(s) will be taken up and checked for completeness for a grade at least once a quarter.

**Grade improvement opportunities:** Students will take a nine weeks test that will count as a test grade but it can also be used to replace their lowest previous test grade. Math advisory will be held on Tuesdays for students that need reinforcement.

### **\*\*\*MAKEUP WORK\*\*\***

**Makeup work is the student's responsibility.** After an excused absence, tests must be made up immediately upon return to class. However if the tests have been returned you must take the nine weeks test grade for the missed test. If you do not make up a test, the 9 weeks test grade will replace the missing test grade.

ISS: Time spent in ISS is considered as regular class time. You should take your book to ISS and review/complete the syllabus topics covered during class. Scheduled Tests will be taken in ISS. Being absent or in ISS the day before a scheduled test or quiz does not excuse the student from taking it.

## QUIZZES

Quizzes may be given at any time. They may be announced or unannounced. They may cover vocabulary, homework, bell work or items from the book.

Be prepared for a quiz at all times.
